=====

1. GENERAL RULES (Revisions Approved Special Election April 11, 2009)

1.1 ORDER OF RUNNING.

The order of running shall be determined by drawing for position by the contestants or authorized person prior to the trials. The contestant shall draw for only one dog in turn, and if a contestant has more than one entry, the dog for which each drawing is to be made must be stated before such drawing. A contestant showing numerous dogs shall have a minimum of two (2) contestants between runs.

1.2 COURSE USE

Contestants may appear on, or travel over any officially designated course before the trials have begun, but a contestant, under no circumstance, shall take his dog or dogs over the course, under direction or otherwise, before the time the dog is called to appear for his trial run. Violation of this rule shall disqualify any entry known or determined to have had this advantage.

1.3 UNSOUND SHEEP

It shall be the aim of the Association to provide each contestant with sound, healthy sheep. Should an unsoundness, such as blindness, short-wind, nervous collapse, lameness, or similar affliction show during the lift of the sheep by the dog, the judge may order a re-run. Sheep which turn unruly or stubborn or unnecessarily wild or exhausted shall not be treated as “unsound” sheep. Handlers shall report to the holding pen thirty minutes before the trial to inspect the sheep.

1.4 OVER-DRIVING

Exhausting the sheep through much running and faulty work may cause the dog to be ordered from the course, or the dog may continue with loss of points, according to the judges decision. The object is to handle sheep quietly, easily, confidently, having control and directing movement without injury of any sort.

1.5 GRIPPING OR BITING

Any gripping shall result in disqualification or loss of points.

1.6 HUMANE HANDLING OF SHEEP

No abuse of sheep will be tolerated. Any dog and handler team may be called from the course at the judge's discretion. If an animal suffers an obvious injury during a run, the judge should end the run and remove the injured animal quickly and quietly to a non-public area to receive treatment. The judge will determine whether to grant a re-run, if the injury was not the result of improper work on the part of the dog and handler. ²⁰¹⁶

1.7 INCOMPETENT DOG

The judge may terminate the run of any dog judged "incompetent" for the work assigned.

1.8 UNFINISHED WORK

A contestant who fails to complete the course in the time set or is called by the judge will be allowed points earned up to that time. The same rule applies when the handler calls his own contest.

1.9 LEAVING ASSIGNED POSITION (PANELS AND CHUTE)

Each contestant shall have regard for assigned position (both feet on base) for each phase of work. Leaving position without instruction prior to completion of the obstacle may result in loss of points. Points shall be deducted only at the obstacle where this occurred. ²⁰¹⁶

1.10 HEALTH OF DOG

Under no circumstances will a dog suffering from infectious disease be allowed on the trial grounds before or during a contest. Violation of this rule shall disqualify any entry known or determined to have had this advantage.

1.11 SHEEP LEAVING THE ARENA

It is up to the judge's discretion whether to let a dog re-run or not if the sheep leave the arena.

1.12 NON-CONTESTING DOGS

Non-contesting dogs of all descriptions and under any circumstances are barred from the trials grounds.

1.13 CONDUCT

In any event staged, sportsmanlike conduct will be expected of all concerned. Any abusive or derogatory remarks by a handler or members of a handler's family, profanity, obscene language, drunkenness, abuse of animal or animals or other misconduct shall be deemed as ample cause for disqualification, with loss of entry fees, points, and privileges for the trial in question. ²⁰¹⁸

If you RSVP, you will be drawn a number. If you are not present when your number is called, you will be required to run last. This will affect only the dog(s) whose turn was missed. If you are a no show, you forfeit your turn and will be billed for your entry fee. If a member refuses to pay, their membership can be dropped. ²⁰¹⁸

REDWOOD EMPIRE SHEEP DOG ASSOCIATION
CONSTITUTION AND BYLAWS | REVISED FEBRUARY 10, 2024

1.14 HOST HANDLERS

Host handlers are allowed to work their dogs in competition provided the trial is not held in their training pen or other much used practice area. The honor system will govern this rule.

1.15 INJURED SHEEP

Handlers will be responsible for full damages to any sheep up to full market value.

1.16 HANDLER APPEARANCE

To compete, handlers and trial judges shall be required to be properly attired for all competitions. California Fair and Exposition rules will apply when applicable.

1.17 INABILITY TO RUN DOG

If a dog owner is physically unable to handle his/her dog, as determined by the board of Directors, the owner may have another handler run his/her dog. This will not affect the handler's own entries.

2. JUDGES AND JUDGING

2.1 Judges are to score individually and are not to compare scoring. If there is more than one judge, scores are to be averaged. There should be in addition to the Judge, a timekeeper and a clerk for each judge.

2.2 The judge should not converse with other officials unless necessary, but should give his undivided attention to the performance of the dog and handler. Judges are to note or instruct the clerk to make notes regarding the performance on the score sheet whenever possible. A judge may appoint a course director at his/her assigned trial. The course director's responsibilities will be assigned by the judge.

2.3 Judges and handlers are earnestly requested to familiarize themselves with and study all the rules and regulations of the trials.

2.4 Judges shall have regard for the fundamental consideration that every movement on the part of a good sheep dog at work should produce some desired result or movement of the sheep. Faulty style includes such mannerisms as excessive: clapping, freezing to position, bouncing around, dodging in and out, over-running, too wide or too sharp flanking, over cautious waiting, belly-crawling and hiding, indifference, shyness, and similar traits. Good style is distinguished by the dog that is alert, fast to respond, concentrated, intelligent, who works his dog with the fewest commands, quietly given, gains preference over the handler who works his dog with excessive or confusing commands, much shouting, whistling, waving of arms, or otherwise causes unnecessary commotion. The judges shall appraise the manner in which the dog accepts commands and responds to them. A dog may come ahead to control the sheep without loss of points.

2.5 The Judges may order a dog from the arena at any time for roughness, inability, or time.

2.6 In case of tie score, the judge has the option of awarding the trial to the dog with the shortest time, or calling for a total re-run or a re-run of any portion of the course between the dogs involved. In case of

REDWOOD EMPIRE SHEEP DOG ASSOCIATION
CONSTITUTION AND BYLAWS | REVISED FEBRUARY 10, 2024

tie in time and points, the tie can be broken by comparing lift scores. The dog with the highest lift score will win. If a tie still remains after comparing scores, judge's discretion will break the tie.

2.7 The Judge shall decide any case of unequal opportunity which may seem to entitle a dog to a re-run; and in case of declaration of eligibility to a re-run, the handler may decide whether to accept a re-run or rest on the score of points earned during the initial run. All re-runs follow after the full entry list has been presented.

2.8 It shall be deemed that a judge's decision will be final. Any abuse put upon or aimed at judge, trial clerk, or timekeeper will not be tolerated. Contestants will be held responsible for violations committed in his or her behalf with the points and/or prize money to be forfeited.

2.9 Judges will be limited to handlers with two or more full years' experience in trial work with the Association or those individuals accepted with 2/3s club approval.

2.10 New judges shall compete in open for 2 years and attend a Judging clinic in order to Judge for RESDA. Approved Judges to attend a Judging clinic every 3 years.²⁰¹⁹

2.11 Any obvious prejudiced or biased judging, as decided by the Board of Directors at the trial involved, will be cause for immediate suspension of that member from the club for the remainder of the calendar year.

3. SCORING

3.1 GENERAL INFORMATION

Each dog shall work its assigned sheep through each obstacle and into the pen unassisted in any way by the handler other than spoken command, whistle. Any overt movement of arms, legs, or body, or use of canes or handheld objects or acts aimed at intimidation of dog or sheep shall result in a severe loss of points.

Each contestant will have ten (10) minutes to complete the course. At the judge's discretion, an advisory warning may be issued at seven minutes.

3.2 OUTRUN – LIFT - FETCH

Line A is a line which extends parallel to the back of the pen the width of the field.

Line B is a line which extends parallel to the front of the pen the width of the field.

Dog and handler must stand anywhere behind line A to start the outrun-lift-fetch. The dog should begin the outrun from within 10 feet of the handler. Deviation from this will result in a loss of points. On the outrun the dog may go left or right and shall carry along on this line until beyond the sheep. Any cross-over or tendency to cross-over shall cause a loss of points according to the judge's decision. The lift of the sheep should be cautious and calmly done without frightening the sheep. The fetch should be on a straight or near straight line from the point of lift to the handler. A completed fetch shall be when all the sheep pass all four corners of the pen in the same direction and cross line B. Failure to do so will be

REDWOOD EMPIRE SHEEP DOG ASSOCIATION
CONSTITUTION AND BYLAWS | REVISED FEBUARY 10, 2024

judged as an incomplete fetch and will terminate the run with no points. The handler may not proceed in front of Line A until after the dog has brought the sheep across that line.

3.3 OBSTACLES

Gather (Outrun, Lift and Fetch)	15 points * ²⁰¹⁵
Panels (2)	5 points each
Chute	10 points
Pen	15 points
Total Possible	50 points *

* If the gather is over 150 yards, the outrun and fetch may be assigned 10 points each, making a total of 60 possible points. In this event, the computation of scores for the year end high point award shall be proportioned as 5/6 of that score.

Judges may weight each phase of the outrun, lift and fetch at their own discretion, as long as it is followed consistently for all dogs. ²⁰¹⁵

The handler must complete at least two (2) obstacles and attempt a third before proceeding to the pen. If no attempt is made, the handler will receive no further points. An attempt shall consist of two (2) tries to complete the obstacle. Failure to have both feet on base loses points only for the obstacle involved.

3.4 PENNING

The handler must stand at the end of the gate in assigned position and must finish with the same sheep and number of sheep started with. Sheep must be in the pen past the line of the closed gate before the handler may leave his assigned position and close the gate.

3.5 TRIAL COURSE LAYOUT

The trial course may include driving the second panel at some ranch trials, at the discretion of the trial host (if any) and/or the Board of Directors. Entry forms shall describe the course, with the traditional 50-point course as default and at all Fair trials. ²⁰¹⁴

4. PRO-NOVICE GUIDELINES ²⁰²²

4.1 PURPOSE AND ELIGIBILITY

RESDA Pro-Novice trials provide the opportunity for a dog and handler team to gain experience and good working skills at a RESDA trial while giving the handler the ability to assist the dog.

Teams may enter Pro-Novice if the dog and handler have not previously competed in a RESDA Open Trial together, regardless of where else they may have competed, separately or together.

REDWOOD EMPIRE SHEEP DOG ASSOCIATION
CONSTITUTION AND BYLAWS | REVISED FEBRUARY 10, 2024

Once a team has competed in a RESDA Open trial together, they may return to Pro-Novice using a non-compete status only. Non-competing teams may run and be scored, but will not be ranked among finishers or considered for Pro-Novice ribbons or other prizes.

RESDA Pro-Novice trials are open to RESDA members only.

4.2 COURSE AND TIME

The Pro-Novice trial is usually held after the Open trial. The course is simplified by omitting the chute. Accordingly, total time allowed is reduced to eight minutes. At the judge's discretion, obstacles may be moved and the outrun adjusted to reduce the total size of the course. Fresh sheep are not required. The judge determines the number of sheep used, usually three to five. Scoring for the remaining obstacles is the same as Open:

Gather (Outrun, Lift and Fetch)	15 points
Panels (2)	5 points each
Pen	15 points
Total Possible	40 points

4.3 RESDA TRIAL STANDARD

While the goal is for teams to gain good working skills and experience at a RESDA trial, adherence to minimum RESDA standards is expected.

Handlers may assist their dogs by: shortening the outrun, such as placing the dog behind the pen and walking up the field on the outrun, body movement, moving off line between obstacles, and not standing on the base while sheep complete an obstacle. These actions are allowed and encouraged for the dog to be successful in handling the sheep, but however may result in a loss of points at the judge's discretion.

The judge shall regard the team that abides to the open standard higher than the team in which the handler moves to assist the dog. Undue stress, overworking, over running, etc. of the sheep or dog will result in a severe loss of points.

Ideally, a completed fetch shall be when all the sheep pass all four corners of the pen in the same direction and cross line B. Failure to do so will result in a loss of points.

The handler must finish with the same sheep and number of sheep started with. To receive a score on any part of the course, the same sheep and number of sheep set out should be worked through that section of the course essentially together.

To earn a pen score, teams must complete at least one panel before proceeding to the pen.

If the handler brings a training tool onto the trial field, or attaches one to the dog, the run will automatically be considered non-competitive.

5. PROTESTS ²⁰¹⁸
